

HAM RADIO CLASS

Preparation and Test for FCC Amateur Radio Technician License

Nov 6, 2021 (0800-1600) – Nov 7, 2020 (0800-1200)

FCC License Testing Nov 7 (12:30-3)

Inclement Weather Reschedule – TBA

No Charge for the class

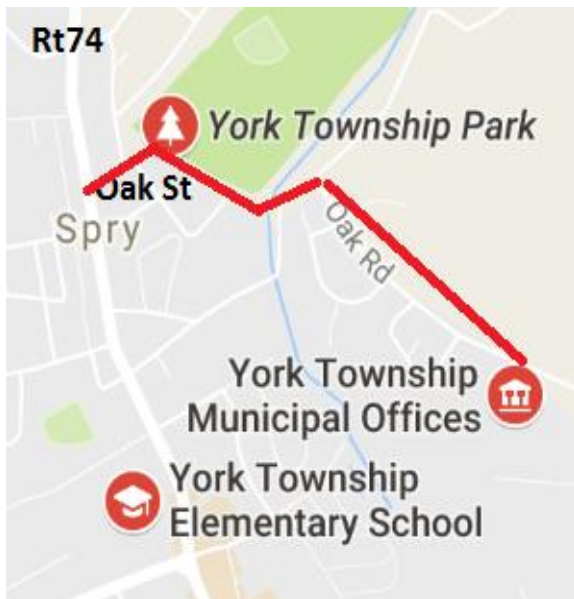

Come with an open mind, pen and paper. We discourage the use of iPhones, etc. in the class except for emergencies. Please put on vibrate.

A simple calculator can be useful. Contact me for pre-class study. Class will be cancelled on Nov 2 if insufficient registration. Note: Class and test session registrations are separate. Do both.

Class is held at the York Township Building

Lower level, back of the building

190 Oak Road, Dallastown PA 17313

Contact: Ralph Brandt K3HQI 717-885-3063 or
ralph.brandt@comcast.net

Registration for the class

https://yorktownshiprec.com/info/activities/program_details.aspx?ProgramID=28755

Registration for testing session and obtain an
FRN.

Note. The FCC is planning to introduce a \$35
fee for a license. This is not in effect at this
time. (09/18/2021)

Ham Radio is Amateur Radio, FCC Part 97. It is a licensed service. The class is targeted to prepare the student to pass the Technician Class License test which is restricted to frequencies above 28 Mhz. There are many hand held and mobile transceivers available for use in these bands for as low as \$35 for Handheld and \$100 for Mobiles. There are many repeaters in the area that extend the range of these radios. A ham license is a good tool for a family in times of disaster when land lines and cell phones often are not useable.
